

Subject: ARGYLE FARM FORESTRY - SUTHERLAND C/- MADDOX PARK TRUST

Allan / Aaron

I would like to formally acknowledge the work carried out by Laurie Forestry on the cutting of the above Forestry Blocks.

Right from the initial valuation through to the final removal of the last trees Laurie Forestry acted in an extremely professional and competent manner always keeping me informed and putting out fires before they ignited.

Both Allan & Aaron should be congratulated for their work and the work of all their contractors.

Compared with the other forestry contractors we employed I would rate Laurie Forestry at least 200% better than them.

Unfortunately I do not own any further forestry as it would be a pleasure to employ your company again but rest assured if anybody asks me who to get to carry out their forestry work I will recommend "Laurie Forestry" and then tell them why.

Regards

ROSS LUND
